

Important Notice Regarding Key Usage

It is our goal to maintain the safety and quality of the gym experience for our loyal members who pay monthly dues for the use of this club.

For that reason, it is important that **each** member use his/her key each time they enter the club. A beep will sound when more than one person enters on a key and it is registered on the computer. In addition, video is taken of each person as they enter the club.

Bringing unregistered guests to the club is prohibited and will result in a \$50 fine added to the account of the person whose key was used.

When multiple members arrive at the same time, please take a moment to allow the card reader to reset before trying to use your key. This will avoid unintentional tailgating.

If your key is not working or is lost, please see management to have the issue resolved.

Never let anyone in the club even if they state that they are a member and have a key that does not work. Expired or canceled accounts from this and other clubs may still have their key, but are not active members.

Children 14 and 15 years old are not required to have a key because they **MUST** always be accompanied by a parent or guardian. If you wish to purchase a key for your child, you may do so with the understanding that they may not use the club unsupervised.

Please understand these simple rules are set in place to maintain the safety of our members.

By signing this form, I signify that I have read the Notice Regarding Key Usage and agree to the fines associated if my key is used to allow multiple members and/or guests into the club.
